Following our successful growth strategy, we have an exciting and challenging opportunity for an experienced

## Operations Coordinator

in Temse (Belgium).

In our small company (8 employees in total), the Operations Coordinator has a versatile management role and functions as the deputy and right-hand man of the Managing Director. He is in charge of steering and controlling all operational processes of the company, incl. planning, production and warehouse.

### Your role:

- Lead and manage the operations team in production and logistics (6 employees)
- Monitor and analyse the production process (performance, quality, safety)
- Ensure that inventory levels are in line with production planning and order intake
- Manage suppliers and service partners
- Lead, motivate and develop the operational team, incl. recruitment of new employees
- Support in project calculation
- Identify optimization potentials and execute improvement projects
- Be a role model for the team to maintain and develop a positive and performance oriented company culture
- Ensure company compliance (finance, safety, regulations, etc.)
- Play a proactive part in strategic decision-making and planning
- Support in administrative tasks and office management

### Your profile:

- Relevant educational background in economics or engineering
- A good understanding of operational processes (production and supply chain)
- A high level of flexibility and a strong hands-on approach
- Good leadership skills and the ability to motivate people
- Very good self-organisation and the ability to prioritise tasks
- Good commercial skills (project and cost calculations)
- Good knowledge of MS-Office (EXCEL) and experience in working with ERP-Systems
- Very good communication skills in Dutch and English – French would be an advantage
- The willingness to travel occasionally

### Our offer:

- The opportunity to take over responsibility in a small, internationally successful company – which is part of a global group
- A stable environment and a nice team
- A versatile and multifaceted job with exciting challenges
- Competitive salary
